# 1 Summary of Performance

## 1.A Introduction

This Budget Performance Report for Sokoto State is prepared quarterly, and issued within 4 weeks from the end of each quarter. This report includes, the approved and Amendment/Supplementary budget for the year 2024 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q3, attributed to each organizational unit, as well as the cumulative expenditures for the year to date, and balances against each of the revenue and expenditure appropriations.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23 / 32
- Others - Economic Account Classes 2203-2209 as applicable.

The amendment/supplementary of **N480,488,477,777.97** against original budget of **N270,100,355,563.35** was based on the over-performance of some discretionary and non-discretionary revenue inflows that were not initially captured in the approved budget. This Budget Performance Report is produced by the Office of the Accountant General/ Ministry of Budget and Economic Planning /Sokoto State equivalent, and published on the Sokoto State website.

## 1.B Revenue Performance

The Sokoto State Budgeted/Revised a Total Revenue and other receipts to the tune of **N431,178,089,403.37** for the year 2024 from various sources. The Recurrent Revenue was Expected to generate **N215,214,191,065.19** while **N215,936,898,338.18** was expected from Capital Receipts with the Opening Balance of **N19,310,358,374.60** which was carried forward from the year 2024 across various bank accounts.

The actual Total Revenue amount generated in the third quarter was **N82,858,633,848.83** consisting of Recurrent Revenue of **N41,947,352,619.75** and Capital Receipts of **N40,902,030,965.02** reflecting an overall Total Revenue Performance of **55.6%**. The Statutory Allocation had a performance of **55.1%**; while the Internally Generated Revenue closed with a performance of **42.0%** due to insecurity and others associated with slow activities.

The noticeable zero performance of some revenue items were as a result inaccurate forecasting, as well as administrative and legal/policy issues, that have now been largely resolved through coordinated engagements with the State Legislature, State Internal Revenue Service, and the Ministry of Budget Economic Planning. Hence this will be reduced to the nearest minimum in 2025 Budget Proposal (Realistic).

The increased expenditure on Security became necessary in view of the increasing security challenges in the state and which were incurred by the new government in setting the institutional security machineries in motion. All components of the Revenue that form the basis of the supplementary budget are not mere estimates, but actual collection in excess of the approved Budget on the respective codes, hence has to be supplemented for utilization. In some instances, the excess is non discretionary additional inflow. i.e NG-CARES Programme, AGILE Project, IMPACT Project and L-PRES Project. The resultant performances is equally connected to the increasing exchange rate of USD to naira.

### 1.C Recurrent Expenditure Performance

The Recurrent Expenditure is made up of Personnel Costs including Pension and Gratuities, Overheads, and Other Expenses relating to Debt Servicing. The estimate of Recurrent is **N133,638,676,561.54** comprising the Budgeted Personnel Costs of **N63,256,043,741.52** and Othe Recurrent **N70,382,632,820.02**. But the actual performance for both stood at **N14,433,125,187.16** and **N14,824,598,163.76** all totalling **N29,257,723,350.92** in Quarter 3, bringing the cumulative performance to-date to **N81,051,629,694.77**. Therefor the Quarter ended with a recurrent expenditure performance of **60.6%** of the entire year's budget, demonstrating the Government's continued commitment to the welfare of her workforce and by extension all citizens of Sokoto State who are directly and indirectly impacted by the impact of timely release of salaries, which help to promote increased

economic activities. Recurrent Expenditure Performance remains averagely in order as the government tries to minimize running costs while focusing on Capital Expenditure.

#### 1.D Capital Expenditure Performance

His Excellency approved the Supplementary Budget during the Third quarter raising the Capital Expenditure revised estimate to **N316,849,771,216.43**. The Third quarter performance was **N46,902,030,965.02** leading to a cumulative year to-date performance of **N85,774,958,371** or **27.1%** which is below Government expectations, but due to the downturn of some Economic activities especially construction related activities that were largely affected by excessive rainfall witnessed during the period under review. This has slowed down the Capital Projects implementation. The State, with the improved weather condition that will ease out soon, intends to maximize available funds to boost the Capital spending appreciably within the Fourth Quarters of the year 2024 with people-oriented programmes to improve the living standard of the Citizens and Residents while also boosting economic growth and performance.

#### 1.E Conclusions

The Budget Performance Report for 2024 as at the end of the Third Quarter is reflective of the various developmental projects in the State. Some of these include:

- a. Purchase of Grains (84,000 Bags of Rice 50kg) for Sales to General Public to Cushion the effect of high cost of food Commodity in the State.
- b. Construction of 1 No. 3 Cells Box Culvert at bridge washout along Tambuwal-Kebbe Road.
- c. Construction and Repairs on bridge No 2 and approaches along Tambuwal -Kebbe roads.
- d. Rehabilitation of Asphalt Overlay of Tangaza – Balle Road project
